Attached are comments we briefly discussed during science council, additional draft notes from the ERC meeting, and Jason's comments for both ETBE and TBA.

Hello all,

We wanted to get together and go over what we heard in the ERC meeting for ETBE and TBA and make sure we have a clear path forward. These chemicals are scheduled for the June IRIS bimonthly meeting so they need to be released in April (i.e. next month!).

I look forward to our discussion.

Best regards,

Andrew
